West Broadway Development Corp is a not-for-profit working to coordinate and support neighbourhood renewal in West Broadway together with residents, community-based organizations, businesses, government and other partners.

We coordinate the Broadcaster community newspaper, conduct housing development and improvements including the Property Improvement Program (PIP), deliver the Good Food Club program, support greenspace development and Spirit Park community garden, administer a Small Grants Program and do neighbourhood planning and coordination.

Please join us for our annual general meeting. We will be reporting on progress on the West Broadway Community Plan, our activities in 2009 / 2010 and recognizing volunteers in our community.

If you are interested in volunteering with us, please contact 774-7201 x 1, email [info@westbroadway.mb.ca](mailto:info@westbroadway.mb.ca), or drop by our offices at 608 Broadway.
