

Rooming House PIP Application

PROPERTY IMPROVEMENT PROGRAM (PIP) 2020

West Broadway Community Organization is providing small exterior fix-up grants for rooming house operators in the West Broadway neighbourhood. The purpose of the Property Improvement Program is to encourage rooming house operators to make major improvements to the exterior of the house and land. These types of housing improvements increase longevity of an aging housing stock, retain historical character of buildings, enhance streetscape beautification, and foster sustainability through energy efficiency measures. As a part of West Broadway Community Organization's neighbourhood revitalization strategy, property improvements of this nature attract further social, economic, and community reinvestment.

Please read the program guidelines carefully.

Rooming House Operator Guidelines

- The program targets only exterior improvements to the house and land.
- The program will cost share 40/60 on a project, with the rooming house operator contributing 40% of the project cost.

- Applications must include two estimates from contractors or from building material retailers.
- Rooming house applications must include a copy of a current valid rooming house license issued by the City of Winnipeg.
- The granted amount of the project cost shall not be included in an above guideline rent increase (AGI) application. Rooming house operators are required sign an RTB release of information form allowing WBCO to share grant information on an AGI application (page 4).
